Questions received and Answers provided as received

Q) How is the 24-visit schedule working out for you during the season?

A) Current lawn care is bi-weekly overall maintenance (April-September) and monthly overall maintenance (October-March). Lawn pest control service is provided monthly.

Q) Is the current service frequency keeping up with the property the way you'd like?

A) We are satisfied with the current schedule, but are open to suggestions.

Q) Who is currently handling your turf applications?

A) Current lawn pest control provider is Brock Lawn & Pest Control. Lawn care and pest control services are handled independently and are not under a mutual service contract.
